

When do Gaggle safety representatives review content?

Created by Corey Tutewiler

Last updated Mar 18, 2019 by Kasey Tackett

Gaggle Safety Representatives review content 24/7 every day of the year.

Moreover, when a Possible Student Situation (PSS) occurs between the hours of 6:00 am and 11:00 pm (CST), a Safety Representative will gather as much information as possible and attempt to call the Emergency Contacts by phone, in the order provided. If a situation arises after the stated hours and has the potential to be immediately life threatening, the representative will call the Emergency Contacts immediately. If a contact cannot be reached, Gaggle will call local law enforcement. If a situation arises after hours, but doesn't appear to be an immediate threat, it will be brought to the district's attention the next morning.
